

We wanted to inform you of a new policy that was passed by the National Executive Committee on February 27th, 2021, regarding the Auxiliary Emergency Fund (AEF). Here are the changes that have been implemented and how they will affect the ALA departments and units:

1. NHQ will send quarterly reports to department secretaries and presidents on the number of grants awarded.
2. Units and departments will no longer be required to sign or approve AEF applications prior to ALA National Headquarters receiving them.

All AEF Applications can be found on the ALA website at <https://www.legion-aux.org/aeef>.
